The Sonoma County Water Agency (SCWA) is a Special District with the authority to produce and furnish surface water and groundwater for beneficial uses, control floods, generate electricity, provide recreation in connection with SCWA facilities, treat, dispose and reuse wastewater. To maintain a sustainable groundwater resource for the citizens of Sonoma Valley that rely on the basin for part of their daily needs, SCWA intends to consider the adoption of a resolution of intention to prepare a groundwater management plan at its January 30, 2007 Board meeting.

SCWA encourages any individual interested in the development of the groundwater management plan to attend the meeting. For more information on groundwater management planning, please contact Bill Keene, principal environmental specialist, at (707) 547-1922 or bkeene@scwa.ca.gov.
